What's Waiting for You

Log in with your school credentials – no separate account needed.

I'm grateful for the supportive and practical resources the platform offers. It can be overwhelming to navigate career options after a PhD, but the platform made the process feel more manageable and empowering.

Thank you for creating a space that helps trainees feel seen, supported, and prepared for career transitions.

-PhD student

A clear roadmap for launching an academic or non-academic career.

Learn how to successfully navigate a job search in academia or beyond.

Not sure what you can do with your PhD? Explore your career options and learn how to leverage your skills and experience in non-academic careers.

Live workshops and conferences.

Join online trainings to explore career options, learn common job search mistakes, and keep your job search moving forward.
